

Product Discontinuation Customer Notification

1-October-2021

Dear Valued Customer,

This letter serves as formal notification that Skyworks Solutions, Inc. is discontinuing the production of the Si5340/1/2/4/5/6/7/8 Revision B. The products contained in this notice are part of Skyworks' product portfolio review process. Skyworks Solutions, Inc. acknowledges the obligation to promptly inform our customers of the intent to exit products to enable our customers the ability to prepare for alternatives and/or assist in their product portfolio renewal process. Our intent is to support these products for a limited time in order to allow for future planning by all our customers, therefore, we will offer last time buy opportunities to support your needs.

Affected Custom OPNs (Si5340/1/2/4/5/6/7/8-B#####-GM/GMR)

Product Discontinuation Customer Notification

All Si534x Revision B Custom parts are affected by this notice. Custom OPNs are used for customer-specified, factory pre-programmed devices and have the format Si534xg-Bxxxxx-GM, where

- x is the family of product and can be 0/1/2/4/5/6/7/8
- g is the grade and can be A/B/C/D
- B is the revision of the product and is the 9th character from the left

Example: Si5341A-B12345-GM is

- o Si5341 is a clock generator
- o A is the Grade
- o "B" is the product revision
- o "12345" refers to a unique 5-digit "Sequence ID" code assigned by CBPro software

Customers moving from an Si534x Revision B OPN to an Si534x Revision D or E, or an Si539x OPN should download the latest version of [CBPro](#) and create a new custom OPN for the appropriate part and revision with the desired configuration. Customers should verify operation of newly created parts in their system prior to volume production. Customers reading from or writing to device registers may need to update their software to support the new revision. Please contact Skyworks sales/applications team for further guidance.

With this notification Skyworks extends the opportunity for a last/lifetime buy.

Last time buy Conditions:

Date for last Si534x Revision B order acceptance: 31-December-2021.
Factory orders will not be accepted after this date.

CBPro support for Si534x Revision B: 31-December-2021.

CBPro will allow revision B project files to be opened and reviewed but there will be a DRC error stating that this revision B has been discontinued and is no longer available for purchase. CBPro will not allow the project to be written to EVB or exported for in-system programming. Note that new revision B OPN's have not been allowed since 2016.

Date for last Skyworks' shipments for Si534x Revision B: 31-December-2022.
This is the final ship date.

All new orders for this product will be subject to a minimum buy quantity of 260 pcs unless order request can be filled with existing inventory and will be **non-cancelable and non-returnable.**

Skyworks Solutions, Inc appreciates and values our business relationship and looks forward to your continued interest in our products. While we regret any inconvenience this announcement may cause, we are eager to supply your future product requirements with our world-class quality product lines.

To best serve you, all inquiries and requests should be directed through the normal sales channels or you can contact the nearest Skyworks Solutions, Inc. Sales Office.
