TRIMPOT® TRIMMING POTENTIOMETERS

October, 2013

Bourns® Model 3339 Series 5/16" Round Trimpot® Trimming Potentiometer Change to Tube Packaging

The design of the tube packaging for the Bourns® [Model 3339 Series](#) 5/16" Round Trimpot® Trimming Potentiometer has changed. This improved design provides a more secure fit for the model and increased stability in the shipping and handling process.

There is no change to the model's form, fit or function. The only changes are to the dimensions and shape of the tube packaging for the model.

Old Tube Packaging

New Tube Packaging

Implementation dates are as follows:

Evaluation samples are now available.

Deliveries of the modified product packaging will begin November, 2013
