RE: PCN # - Reed Switch Box Logo Change

To our valued customers,

As we continue to integrate the Hamlin Sensors business into Littelfuse Inc., we would like to notify you of an update on printing logo on the reed switches boxes come from our Philippines plant. The new boxes have the equal quality and dimensions as the existing Hamlin boxes. The logo change will be implemented to the product as early as this September. Qualification report is available upon request. The illustration below shows the new Littelfuse box on the right next to the Hamlin box on the left.

Best Regards,

Will Li
