

PCN - 12 131

Issue Date: January 07 2012

Product Name:	MEG-Array Mezzanine Connectors			
	MEG-Array Plugs / MEG-Array Receptacles			
Product Manager:	Jeff O'Brien			
Subject:	Revision to Previously Issued PCN			
Distribution:	Global			
Type of Change:	Documentation Change			
Change Description:	<p>FCI is cancelling PCN 12-062 dated May 17, 2012 and PCN 12-063 dated September 28, 2012. Both PCN's indicated the product line was shifting to performance based plating (using either Gold or GXT) and would require customers to change part numbers if they wished to receive gold plated parts alone.</p> <p>But by this PCN, Gold plated ones have been reset to the original part numbers (-X01 / -X02 / X01LF / X02LF) and GXT™ plated ones will be identified with the middle digit of "9" (-X91 / -X92 / X91LF / X92LF) added to the original part number.</p>			
Reason for Change:	<p>An analysis of the technical needs in some of the market segments served by Meg-Array indicated that a specific plating must be identified verses performance based plating in order to meet certifications in their specific marketplaces.</p>			
Affected Parts:	See attached lists			
Effective Date of Change:	January	07	2013	
Last Time Buy Date:	N/A	N/A	N/A	
Last Disty Return Date:	N/A	N/A	N/A	
Last Time Shipment Date	N/A	N/A	N/A	
Datasheet Attached?	N/A			
Qual/Test Data Attached?	N/A			
Samples Availability Date:	N/A	N/A	N/A	
Available Alternatives?	N/A
